

Summer Fun at SRA

SRA is offering summer camp for therapeutic riders and their siblings. We emphasize safety, fun and education. Campers will develop riding skills and learn teamwork, self confidence and responsibility with the help of our horses, staff and volunteers. The camp day for all sessions will begin with arrival at 9:00 and will end at 2:00. Camps will spend a fun-filled week in an instructor supervised, small group setting. The camp day will include horseback riding, mounted games, carriage driving and many other activities
